Review of voting and engagement – Q2 2020

Active mandates

MFS are currently responsible for the Fund's actively managed equity exposure. The Trustees have instructed the manager to adopt the Institutional Shareholder Services ("ISS") policy for voting shares in relation to positions held within the portfolio. The table below summarises the combined voting statistics for the Fund's active equity mandate over the quarter:

	Votable meetings	Resolutions voted	For	Against	Other (inc. abstain, withhold, DNV)	Voted with management	
Total (Global)	38	491	95%	4%	1%	94%	
100%			_		Against	t management	
80%					C C	anagement	
60%					DNV	anagomont	
40%					Withhold		
20%					Abstain		
0%	Voting inst	/oting instruction With/against management				■ Against
